

Far Side Support

3 Position Mounting Bracket 16" – Installation Notes For Mounting Duplex and Data with EMT connector. Cat. # 3P 1-800-286-9601 @ www.roughinready.com

Attach The Bracket Directly To Studs:

- 1. Bend the <u>Far Side Supports</u> at the provided slots for stud depth if needed.
- 2. For stud depths of 5-1/2" or 6" break out the <u>Far Side</u> <u>Extension</u> (provided). Slide the tab into the slot so that the small holes align. Secure with a small sheet metal screw. Bend at slot for 5-1/2" stud depth.

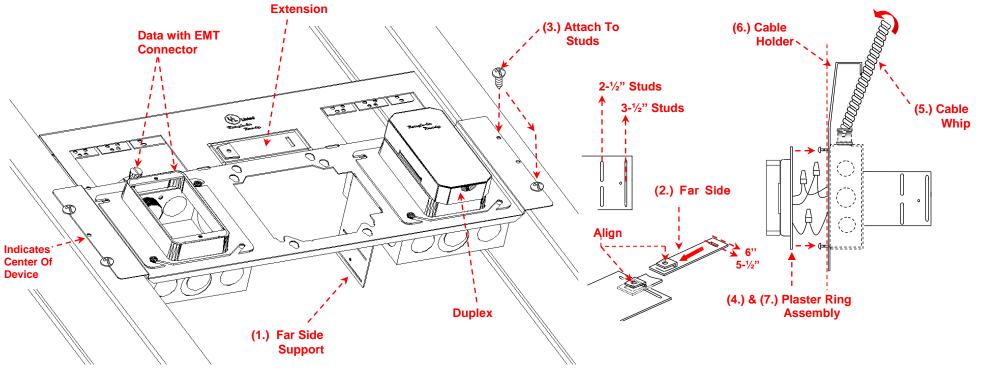

Far Side

- **3.** Place against the studs at the desired height and attach the bracket to the studs using the provided holes.
- 4. When terminating a cable in this box, remove the <u>Plaster Ring</u> <u>Assembly</u> from the mounted Support / Mounting Bracket. The box will remain attached to the bracket.

5. To install the AC-MC <u>Cable Whip</u> remove the KO and snap the connector into the box. Adjust the <u>Cable Holder</u> to the desired angle to install the AC-MC cable per National Electrical Code section 300.4(D). To attach the AC-MC cable, push the cable into the holder until it snaps in.

6.

7. Terminate the appropriate conductors to the device with Wagos (provided) and reattach the <u>Plaster Ring Assembly</u> to the mounted Support Bracket.

Support / Mounting Bracket 16" – Installation Notes For Mounting Up To 3 Boxes To Studs. Cat. # 3PC

1-800-286-9601 @ www.roughinready.com

Attach The Support By Mounting Bracket Directly To Studs:

- 1. Bend the <u>Far Side Supports</u> at the provided slots for stud depth if needed.
- 2. For stud depths of 5-1/2" or 6" use the <u>Far Side Extension</u> (Ordered Separately). Slide the tab into the slot so that the small holes align. Secure with a small sheet metal screw. Bend at slot for 5-1/2" stud depth.
- **3.** Place against the studs at the desired height and attach the bracket to the studs using the provided holes.
- **4.** When terminating cable in this box, remove the <u>Plaster Ring Assembly</u> from the Support / Mounting Bracket. The box will remain attached to the bracket.
- **5.** To install the AC-MC <u>Cable Whip</u> from the next Assembly remove the KO and snap the connector into the box.
- 6. Terminate the appropriate conductors to the device with Wagos (provided) and reattach the <u>Plaster Ring Assembly</u> to the mounted Support Bracket.
